OREGON STATE AGRICULTURAL COLLEGE
CORVALLIS, OREGON

Member at Large: T. M. Beaird, WNAD
UNIVERSITY OF OKLAHOMA
NORMAN, OKLAHOMA

OFFICE OF THE PRESIDENT

Columbus, Ohio
March 31, 1931

The vote taken in connection with the last bulletin was unanimous in the opinion that the annual meeting of the Association should be held in Columbus, Ohio, at the same time as the Institute for Education by Radio at Ohio State University. The date for this Institute has recently been changed to meet with the convenience of many who objected to the original date. It will be held from June 5 to 11. This seems to make it advisable to change the time of the Association meeting to the same week. A meeting in St. Louis on February 24, attended by eight members, the preference was for the later date, which has further been substantiated in correspondence.

The date of the annual meeting is hence been changed to June 5, 9 to 10, and the place Columbus, Ohio. Every station should plan immediately to send a representative. A return post card is enclosed with this bulletin, and its return will facilitate planning the program for the meeting. Last year's record of twenty-five stations represented should be broken.

The same 3-day period will again be held in Columbus, Ohio, June 5 to 11. The same type of meeting as last year will be held, but the session concentrated into five days instead of six weeks. The tentative program includes sessions devoted to the national situation, the college station, the school situation, technical aspects, program material, and administration. The speakers already accepting the invitation to speak assure an interesting and worthwhile program, believed to exceed in interest and importance that of the first institute. Those who attended last year, or who have read a copy of the proceedings (available from the Bureau of Educational Research of Ohio State University) will need no urging to attend. It will again be a program of lasting national importance with several countries represented.

The group was formed at a meeting in St. Louis on February 24, at the suggestion of Miss Gertrude, of Washington, D.C. It is a group in favor of and protect the interests of the local, regional, and independent stations. Representatives of many college and university were thus invited, including WNAD, WKAR, WRUF, WCAJ, KOAC, and WNAM. These have to date reported joining this new organization.
pure

... service whenever one needs specialized help in operating new radio equipment, and is ready to assist any educational station before the Federal Radio Commission. Valuable assistance has been rendered to many stations in formulating their programs, and in obtaining information on efficient Delhi or on matters of the operation of the station. Advice will be promptly given on request. One letter is directed to each WJ, national legal site, in Washington, D.C.

... to the adoption of a reasonable time, it is required that any new type of equipment be installed with stability and the assurance that the installation is not unsoundly the great

... is prepared a statement of many problems concerning educational stations together with many suggested topics for research. A copy will be sent on request to any educational station. This statement gives an adequate indication of the type of information needed and is recommended to every station as a guide.

... he reports that the following stations have paid the dues for 1953, and are accordingly members of the association: WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ, WJ. The following stations are now in the process of paying the five per cent of dues. The University of Chicago is paid up as an associate member. If your station is not listed under the above, please get in touch with the Secretary, and the necessary dues of $10.
Proposals for research in a reserved province in the American Institute of
Homeschooling should be sent to (a) 6th Avenue, University of Illinois,
Champaign Urbana, Ill.; (b) 7th Avenue, University of Illinois, Urbana,
Ill.; (c) 8th Street, University of Illinois, Urbana, Ill.; and (d) 9th Street,
University of Illinois. The first two have been asked to serve as a committee to recommend
this province.

Institute Report: The Two Sections

Fifteen stations received the questionnaire prepared by the Editor. (1) Stations
indicated that the annual meeting should be held at Colburne and the Illinois
Institute. We reported so, and one did not indicate an answer. (2) The station
indicated that the annual meeting should be held in Colburne to improve the income
organization. (3) Eight stations favored operating the new power associations before
the 1938 convention. We did not favor such action. (4) The stations indicated
that they would give to each representative to the annual meeting, with indicating
that this could not be possible.

The recommendation that the opposition of high power applications has been
integrated in the national Federation as no other change of security help are been
forced. Every effort will be made to have the association represented if a meeting
is held.
